It is thought that George Bartlett who has been in the navy for the past three years, may be home soon on a furlough. The ship he has been on has been burned and there will probably be a good chance for the boys to get a furlough. Young Bartlett has been making a good record in the navy. He is the son of G. V. Bartlett of this place.

The band microbe is beginning to dig around in the hides of several of the boys again. A meeting was set this week for forming an organization but nothing has been accomplished as yet in this line. There is plenty of material in town if the right kind of a promoter can be discovered. The Globe-Republican believes that E. N. Stocum can organize a band and make it a winner. All who favor the motion should write him a personal letter urging him to get to work at it.
